

Miracle Educational Society Group of Institutions

(An Integrated Campus for B.Tech, M.Tech, MBA, MCA)

MIRACLE EDUCATIONAL SOCIETY (MES) has set its mission as to create world class institutions for under-graduate and post-graduate education in Engineering, Management and Sciences with an intellectually vibrant atmosphere for research complemented with state-of-the-art labs and industry partnerships.

MES focuses on delivering a unique technical institute for technology development in the country where active education goes hand-in-hand with technology research.

BACKGROUND & INITIATIVES

Miracle Software Systems (MSS) is a Global MNC Software Development Company founded in 1994 with headquarters in Michigan, USA and with global presence in India, UK, Mexico, Canada, Australia, Germany, Switzerland and Singapore. It is a premiere business partner to IBM, Oracle, Microsoft, National Implementation Partner to SAP and many more.

MES institutions have made it to the pinnacle of the educational arena in an extremely short span of time. It has become a force to reckon with in the field of technical education, churning out engineers equipped to meet the challenges of today's dynamically changing industry. Ever since its inception in 2009 under the auspices of Miracle Software Systems, the institutions have attracted the students from far and wide. High academic standards, strict internal evaluation, technically sound faculty and the pulsating student community: All make MES a favoured destination for engineering aspirants.

It is situated in the lap of nature in about 400 acres in the Software Technology park. This enables the students to be as close to industry experience as possible. Away from the hustle and bustle of the city, the ambience of the campus is clam and serene facilitating the best of infrastructure for optimal learning.

MES aims at developing high quality students with a sound footing on basic engineering principles, technical skills, innovative research capabilities and exemplary professional conduct. The students at MES are mould in such a way that they adapt effortlessly to the rapidly changing technological environment and make use of their abilities for the benefit of the organizations they serve.
